*\*\* We ask Parent's Forum comments be limited to 3-5 minutes each. The Parent's Forum is an opportunity to raise an issue for awareness, brief discussion or future resolution. Issues that can not be resolved during Parent's Forum due to lack of discussion and information will be added to a future agenda for full discussion. In the interim, a group of parents and relevant school staff will be established to research and present potential solutions at a future meeting. Thank you for your understanding. \*\**
